

**Pepper - Hot**

**Aji Sugar Rush Red**

The Sugar Rush Red like other Aji types is very fruity and sweet with a heat level below habaneros. They are very prolific and need a long season. The peppers ripen from green to dark red and are elongated. They are about 4 to 6 inches in length. They are excellent for salsas, roasting and stuffing. 50,000-150,000 SHU.
